---

Stephen,

Is there a document that lead to the identification of "the four areas identified by TCEQ and EPA TMDL Sections," that are referenced on the map? If there is, could you please forward it to me, if not can you please let me know how the four areas were determined.

Thank you.

Nicole

---

Stephen,

Can you show on a map where the “study area identified by EPA Marine and Coastal Section” is located?

Thanks!

**Subject:** fyi: SJRWP fingerprint/congener analysis

Hi Ron, Casey, Nicole:

fyi: the SJRWP site team have been asked to conduct a fingerprint/congener analysis on the dioxins found at SJRWP waste pits with the dioxins found at:

- 1) the Patrick Bayou Superfund site.
- 2) the study area identified by EPA Marine and Coastal Section.
- 3) the four areas identified by TCEQ and EPA TMDL Sections.

I will be sharing the results and the complete methodology with everyone when this finishes at the end of March.

Thanks,

Stephen L. Tzhone
